THE PEOPLE'S PAPER.

-THE-

L. ASSECTED PROPERTY OF THE STREET

SALT LAKE DAILY HERALD.

The remarkable success of the paper in the past, as manifested by its large and steadily growing subscription list, its increasing advertising patron-age and the expressions of goodwill towards the journal which greet us from all quarters, convinces the publishers that they are doing what they set out to do—namely, furnish a newspaper that the people would like, and therefore support. The HERALD, as in the past, will be the people's paper. Independent in a political ener, it will always be found on the side of the people, outspoken on questions affecting the rights of the masses; battling for local self-govern-ment and the largest liberty to individuals consistent with public good; laboring for a pure, honest and ecc-nomic administration of government; treating public matters dispassion-ately and employing language calculated to enlighten the reason of men, rather than influence their passions, and working for peace and the deand working air peace and use us-velopment of the resources of the ter-ritory, instead of trying to create strile and relard progress. With our in-creased facilities for gathering news, both by telegraph and mail, the em-ployment of a larger number of cor-respondents in different sections of the country, and the better arrange-ment of all the many details of the establishment, we confidently promise to make the SALT LAKE DAILY HERALD a better paper than ever.

SEMI-WEEKLYHERALD

This valuable and popular edition of the HeralD will continue to make its appearance twice a week during the year, and the same degree of progress and improvement that marks the Daily will be seen in its columns. No better newspaper can be found in the west for those people who are not blessed with daily mail facilities, than the SKM-WEEKLY HERALD. It conthe SEMI-WEEKLY HERALD. It con tains all the news, domestic and foreign, in a condensed and readable form. The design has been to make it combine the distinguishing characteristics of a commer-cial and home journal, and we believe that t is has been successfully carried out. The SEMI-WEEKLY has certainly met with unexpectedly high favor at the hands of the people.

SALT LAKE

The demand for a WEEKLY HEBALD The demand for a Weekly Health has been very pressing during the past two or three years. The sim of the publishers will be to furnish a paper for those people who live off the main lines of travel and who are not accommodated with mail service oftener than once a week; to provide a newspaper for those who have only one day a week of leisure to devote to the pleasant and profita-ble employment of reading; to supply a suitable edition of the HERALD for sending abreat-a paper that shall faithfully and hencelly represent this great and growing territory, with its many and important industries and its thrifty, enterprising people; to make a paper for the home circle and family fireside, one that shall contain the news, and at the same time com-bine the essential elements of a liter-ary, educational and industrial jour . In fact, our sten will be to make the WEERLY HERALD a welcome visitor to the home, where it will be found a constant fund of instruction,

found a constant fund of instruction, entertainment and profit, to all members of the family Besides the leading characteristics of the Daily, the Weekly will contain matter specially for the agriculturist, the gardener, the stock-raiser, the mechanic, the kitchen and the household generally, and an important feature of its columns will be the well-chosen, entertaining and moral well-chosen, entertaining and moral literature, also reports of the Taber-nacle discourses. Nothing will be ad-mitted to its c Jumns that has not first been carefully prepared and re-
